Honorable Judge Joseph J. Farnan Jr. I am writing to you in reference to a rule 35A Correction of Sentence motion that I appealed in Superior Court back in April of 2007, there was three extensions taken by the attorney General for the state of Delaware Joseph R. Biden, III and the 3<sup>rd</sup> extension deadline was ~~for~~ <sup>the</sup> December 17<sup>th</sup> or 19<sup>th</sup> of 2007, however I have heard anything back from you or the state and I am not trying be angry or sarcastic about the matter, but it has been about six months and I haven received a ruling yet on my appeal motion for Correction of Sentence, and I know that Patience is a virtue in my situation, but Please consider what I have stated to you in this letter and a motion of default of judgement that I ~~am~~ <sup>am</sup> sending to you and please keep in mind that the rule 3. A motion for Correction of sentence was granted in Superior Court by <sup>the</sup> Judge honorable William C. Carpenter and he took back two years and seven months because he believed that it was unfair, harm and unusual that a person could be violates twice while on Parole and when I never started my ten years Probation yet, in which was supposed to have begin after I finished my Parole and Judge Carpenter believed that it was double punishment on my behalf by me receiving the ten years Probation that I never started as a level five sentence, but he didn't take the whole ten years back off of my sentence, but only two years and seven months in which the whole ten years should of been ~~took~~ taken off my sentence because I never begin to start the ten years.
